An act to amend Section 49557 of the Education Code, relating to pupil nutrition.

LEGISLATIVE COUNSEL'S DIGEST

SB 708, as amended, Mendoza. Pupil nutrition: free or reduced-price meals: online applications.

(1) Existing law requires each school district and county superintendent of schools maintaining kindergarten or any of grades 1 to 12, inclusive, to provide for each needy pupil one nutritionally adequate, free or reduced-price meal during each schoolday. Existing law requires the governing board of a school district and the county superintendent of schools to make applications for free or reduced-price meals available to pupils at all times during each regular schoolday. Existing law requires the Superintendent of Public Instruction to supervise the implementation of this program and to investigate acts of alleged noncompliance.

This bill would authorize the governing boards of school districts and county superintendents of schools to also make applications for free or reduced-price meals electronically available online. The bill would specify requirements that would have to be met by the governing boards of school districts and county superintendents of schools, *districts*,

*county offices of education, and school food—service—personnel, authorities* who choose to provide access to an online application under this bill.

The bill would require all applications to include clear instructions for families that are homeless or are migrants. To the extent that this provision would impose new duties on local educational agencies, it would constitute a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Vote: majority. Appropriation: no. Fiscal committee: yes.  
State-mandated local program: yes.

*The people of the State of California do enact as follows:*

1 SECTION 1. It is the intent of the Legislature to enact  
2 legislation to improve access to children from refugee and  
3 immigrant households to child nutrition programs.
